

ROUTE 90A PARK-N-RIDE | WEST WARWICK EXPRESS (NEW NAME: ROUTE 12X ARCTIC EXPRESS)

Route 90A West Warwick Express is one of four “90-series” express routes that all operate as “Route 90 Park-Ride Commuter Service.” Route 90A operates between the West Greenwich Park-Ride Lot at I-95 Exit 7 and downtown Providence via Crompton and West Warwick. In addition to the Exit 7 Park-Ride Lot, the route serves Park-Ride Lots in Arctic Center, at Route 117 at I-95 Exit 10, as well as local stops along the route in Coventry, West Warwick and Warwick.

Route 90A and Route 13 Arctic Center/Washington Street express trips would be consolidated and rebranded as Route 12X Arctic Express. All service would operate between Arctic Center and Kennedy Plaza along Route 90A’s existing alignment between those two points. The southern end of the route between I-95 Exit 7 and Arctic Center would be discontinued due to very low ridership (and the Exit 7 Park and Ride lot would continue to be served by Route 90W, and service levels would be increased to three AM inbound trips and three PM outbound trips.

Proposed Changes

- Due to very low ridership between the I-95 Exit 7 park and ride lot and downtown Providence, shorten route to operate between Arctic Center and downtown Providence.
- To serve a broader market and provide riders with more flexibility, increase service to three AM inbound and three PM outbound trips.
- To improve legibility and better publicize the availability of service, rebrand service as Route 12X West Warwick Express.

Before and After Statistics

	EXISTING	PROPOSED
	90A: West Warwick	13X Arctic Express
Span of Service		
Weekday	Peak hours only	Peak hours only.
Saturdays	No service	No service
Sundays	No service	No service
Headways		
Weekday		
AM Peak	2 trip	3 trips.
Midday	--	--
PM Peak	2 trip	3 trips
Evening	--	--
Saturdays	--	--
Sundays	--	--

Related Changes, Benefits, and Service Impacts

- Route 13 Arctic, which also provides express service between West Warwick and downtown Providence, which would be converted to a feeder route to and from the new Warwick Mall hub.
- Route 90W Westerly Express, which would be rebranded as Route 95X Westerly Express, and which would continue to serve the I-95 Exit 7 park and ride lot.
