

## ROUTE 90S PARK-N-RIDE | SCITUATE (NEW NAME: ROUTE 10X SCITUATE EXPRESS)

Route 90S is one of four “90-series” express routes that operate as “Route 90 Park-Ride Commuter Service.” Route 90S operates between the Chopmist Hill Fire Station Park-Ride Lot in Scituate and Kennedy Plaza, largely along Davidson Pike and Route 6. In addition to the Chopmist Hill Fire Station Park-Ride Lot, it also serves 27 stops along Route 6 between the outer end of the line and I-295.

Route 90S Scituate Park-Ride would be rebranded as Route 10X to differentiate it from other Route 90 park and ride routes, and would be re-routed between Route 10 and Route 6 via Hartford Avenue to serve that area.

### Proposed Changes

- To improve legibility and better publicize the availability of service, rebrand as Route 10X Scituate Express.
- To improve travel opportunities from Johnston, reroute via Hartford Avenue between Route 10 and Route 6.
